

GLOBAL INFORMATION TECHNOLOGY SUPPORT SERVICES (GITSS)

GITSS is an acquisition program comprised of ten (10) Indefinite Delivery/Indefinite Quantity (ID/IQ) contracts. Through GITSS, Federal customers can contract for any IT-related service, to be provided anywhere, at anytime, and at the best prices and terms available in Government. The GITSS Program is sponsored and managed by VA's newly created Federal Acquisition Center, BuyIt.Gov (www.aac.va.gov/gitss/buy_it).

GITSS provides Federal customers access to the resources of the best IT and telecommunication firms in the world. The 149 priced labor categories available through GITSS cover the full spectrum of IT and telecom services needed to support any Federal customer's mission. For more information about GITSS, click on the following link: www.aac.va.gov/gitss.
